Mentor's counsel

During a summer workshop in Thornton artists from around the world gather to learn from a master. For the personal guidance of Sergei Bongart, Guido H. Frick, left, traveled from his

home in Germany. Bongart points out the strengths and weaknesses of Frick's work as he paints a river scene in the city park at St. Anthony. Bongart lives in Santa Monica, Calif., but

spends his summers in Thornton. He says his estate in Thornton reminds him of Russia where he grew up. Staff photo by Denice Parkinson.
